

IN BRIEF

- 4 weeks in which to learn about ecological engineering
- 25 Veolia employees given emergency response training
- Pro-actively combating the problem of students dropping out of education in Aubervilliers

OUR EVENTS

2017 Veolia Student Solidarity Award: 4 associations rewarded for their innovative solidarity projects

The Chairman and CEO Antoine Frérot presented the 2017 Student Solidarity Award to the 4 winning associations this morning at Veolia's headquarters in Aubervilliers. 3 projects were selected by a jury made up of representatives of grandes écoles, universities and the voluntary sector; and new this year, a 4th prize – the Public Award – was awarded by Internet users.

Humanitarian & Development

The Veolia Foundation trains Iraqi Red Crescent volunteers

The Veolia Foundation is a long-standing partner of the French Red Cross and travelled to a location between Erbil and Mosul in April. The aim was to train Iraqi Red Crescent volunteers to use water supply solutions in emergency relief contexts.

Social & Employment

Building for a fresh start: 100 new employees on workplace inclusion schemes

On 27 June, the Veolia Foundation and the association Acta Vista (part of the SOS Group) signed a sponsorship agreement covering training a hundred people who will work on the restoration of Hôpital Caroline located on the Iles du Frioul in Marseille.

Environment & Biodiversity

The winners receive financial assistance and benefit from the sponsorship of a Group expert.

Call for BeMed initiatives : the winners

Eleven initiatives to fight against plastic pollution were honoured by the BeMed call for projects, dedicated to the reduction of plastic pollution in the Mediterranean. They will be supported by the Veolia and Prince Albert II of Monaco foundations.
